

Used Equipment

HH3000.SH Heavy Duty Test Stand

Description:

The HA3000 heavy duty test bench is designed for the diesel specialist to test the larger single or multi cylinder fuel injection pumps. The HA3000 has the capacity to handle multi cylinder pumps up to Bosch PE8 or PE12 7MM, and single cylinder pumps up to 22 mm plunger and 3000 cu mm per stroke delivery.

Thyristor Controlled 30hp Motor.

Metering is provided by two sets of top fill, bottom drain graduates, 12 of 135 cc and 12 of 30cc top fill/bottom drain graduates fitted.

The HA3000 is sold as seen without warranty
 or with a service and audit for additional cost.
 The bench is sold less test injectors and pump fitting kits
